

Good news — your health benefits and insurance plan cover the services listed here with no cost share* as part of preventive care.

*Employers with grandfathered plans may choose not to cover some of these preventive services or to include cost share (deductible, copay or coinsurance) for preventive care services. Certain religious employers and organizations may choose not to cover contraceptive services as part of the group health coverage.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, including Aetna Life Insurance Company and its affiliates (Aetna).

Preventive care covered with no cost sharing

Get checkups, screenings, vaccines, prenatal care and more with
no out-of-pocket costs

aetna[®]

[aetna.com](https://www.aetna.com)

Coverage includes routine screenings and checkups.

It also includes services you get to prevent illness, disease or other health problems.

Many of these services are covered as part of physical exams. These include regular checkups, routine gynecological exams and wellness exams for children. You won't have to pay out of pocket for these preventive visits when they are provided in network.

But these services are generally not preventive if you get them as part of a visit to diagnose, monitor or treat an illness or injury. In these cases, copays, coinsurance and deductibles may apply.

Aetna follows the recommendations of national medical societies about how often children, men and women need these services. Be sure to talk with your doctor about which services are right for your age, gender and health status.

Covered preventive services for adults generally include:
